You have the power to unlock your growth.

How do we support schools and academies?

Infrastructure Upgrades: Finance for new and temporary classrooms, renovations and modular buildings.

Technology Investments: From laptops to interactive whiteboards, we fund modern learning tools.

Efficiency Projects: Support for LED lighting, renewable energy installations, and heating system upgrades.

Capacity Expansion: Modular classrooms and permanent building expansions to meet growing demand.

At SAF Solutions, we specialise in providing tailored finance options for schools, academies, and Multi-Academy Trusts (MATs). Our mission is to help educational institutions overcome funding challenges and invest in infrastructure, technology, and resources that enable growth and innovation.

Why Flexible Finance Matters

Rising operational costs and ageing infrastructure significantly challenge schools in maintaining high-quality education standards.

Flexible finance empowers schools to invest in critical assets without the burden of upfront costs, spreading payments over manageable terms.

Benefits of our Solutions

No upfront costs and tailored plans: Spread payments over time with bespoke financial solutions to meet your specific needs.

Rapid deployment: Start projects without waiting for grants or additional funding. Our response time is always quick.

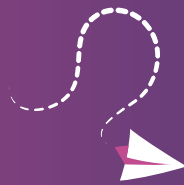

Sustainable future with solutions designed around long-term success: By collaborating closely with end users, we structure financial models that align with generated revenue, ensuring your institution benefits both now and in the years to come.

Why Choose SAF Solutions?

Expertise: With over 18 years of experience, SAF Solutions combines financial knowledge with an understanding of the unique challenges in the education sector.

- 1 IFRS16 knowledge and compliance for hassle-free procurement.
- 2 Expertise in managing large infrastructure projects.
- 3 A trusted panel of funders for the best financing options with proven track record of delivering impactful results.

Client Testimonials

Shirley Coen, CEO and Joint Principle of Bird College

"Working with SAF was a fantastic experience first time around, so it was obvious to us that we should work with them again when we needed a second facility. We were very impressed with both the quality of the building and the flexible finance agreement put in place to pay for it. The entire process was simple and seamless, and we hope to work with them again on future projects."

Adam Robertson, Director at MTX

"It was fantastic to work with SAF, their in-depth knowledge of how to construct bespoke finance agreements was central to the realisation of the project. The end-user had several intricate financial requirements, but the SAF team were able to address these at every level, seamlessly identifying a solution that would respond to these challenges and create a solution that was as economically beneficial the esd user as much as possible.
